Akshit Gautam

Software Developer

Hyderabad, Telangana, India

Summary

As an adept full-stack developer and machine learning enthusiast, I excel in transforming concepts into cutting-edge solutions. Dive into my portfolio to discover a fusion of advanced Typescript, Python, Rust projects and insightful articles, each reflecting my proficiency in modern web development and my pioneering efforts in voice-based AI systems. Completed B.Tech in Electrical Engineering from IIT BHU in May 2021 with a GPA of 8.45/10.

Experience

Kwal

Software Developer

August 2023 - Present (9 months)

San Francisco Bay Area

Building Voice AI for Recruiters

ServiceNow

Associate Software Engineer

June 2021 - August 2023 (2 years 3 months)

Hyderabad, Telangana, India

* Full Stack Engineer in ITSM Engineering, developing both client-side and server-side features using

ES6, AngularJS, jQuery, CSS, SASS, and other languages and frameworks.

* Worked on multiple products in the ITSM application suite, spanning the entire product development

lifecycle from prototyping to maintenance and resolving bugs and live issues.

* Collaborated with the Business team on new requirements and implementations on the platform and

worked with DevOps to oversee the deployment of team code to production.

Visa

Intern

May 2020 - July 2020 (3 months)

Bengaluru, Karnataka, India

Global Cybersecurity Challenge: Worked on a team tasked with finding and exploiting vulnerabilities in a given vulnerable website. Gained hands-on experience with Web Application vulnerability detection and exploitation techniques, including SQL injection, cross-site scripting, client-side request forgery, access control bypassing, and other attacks.

Global Intern Case Challenge: Developed an innovative business idea from issuing, acceptance, and technology perspective to drive towards a 'cashless' society. Learned about Agile framework for team management and introduction to payments ecosystem.

Education

Indian Institute of Technology (Banaras Hindu University), Varanasi
Bachelor of Technology, Electrical Engineering Technologies/
Technicians · (2017 - 2021)
